The Krull 1 Flot is a miniature artwork featuring Discworld's Rim-side city. You'll spot the beautiful wooden buildings largely constructed from old ships salvaged from the Circumference, and the original vessel dangled over the world's edge on its descent to observe the Great A'Tuin. You may even spot one stamp with a difference (possibly a result of thaumic interference) – look closely at the sheet to find two familiar characters going 'over the edge'!
